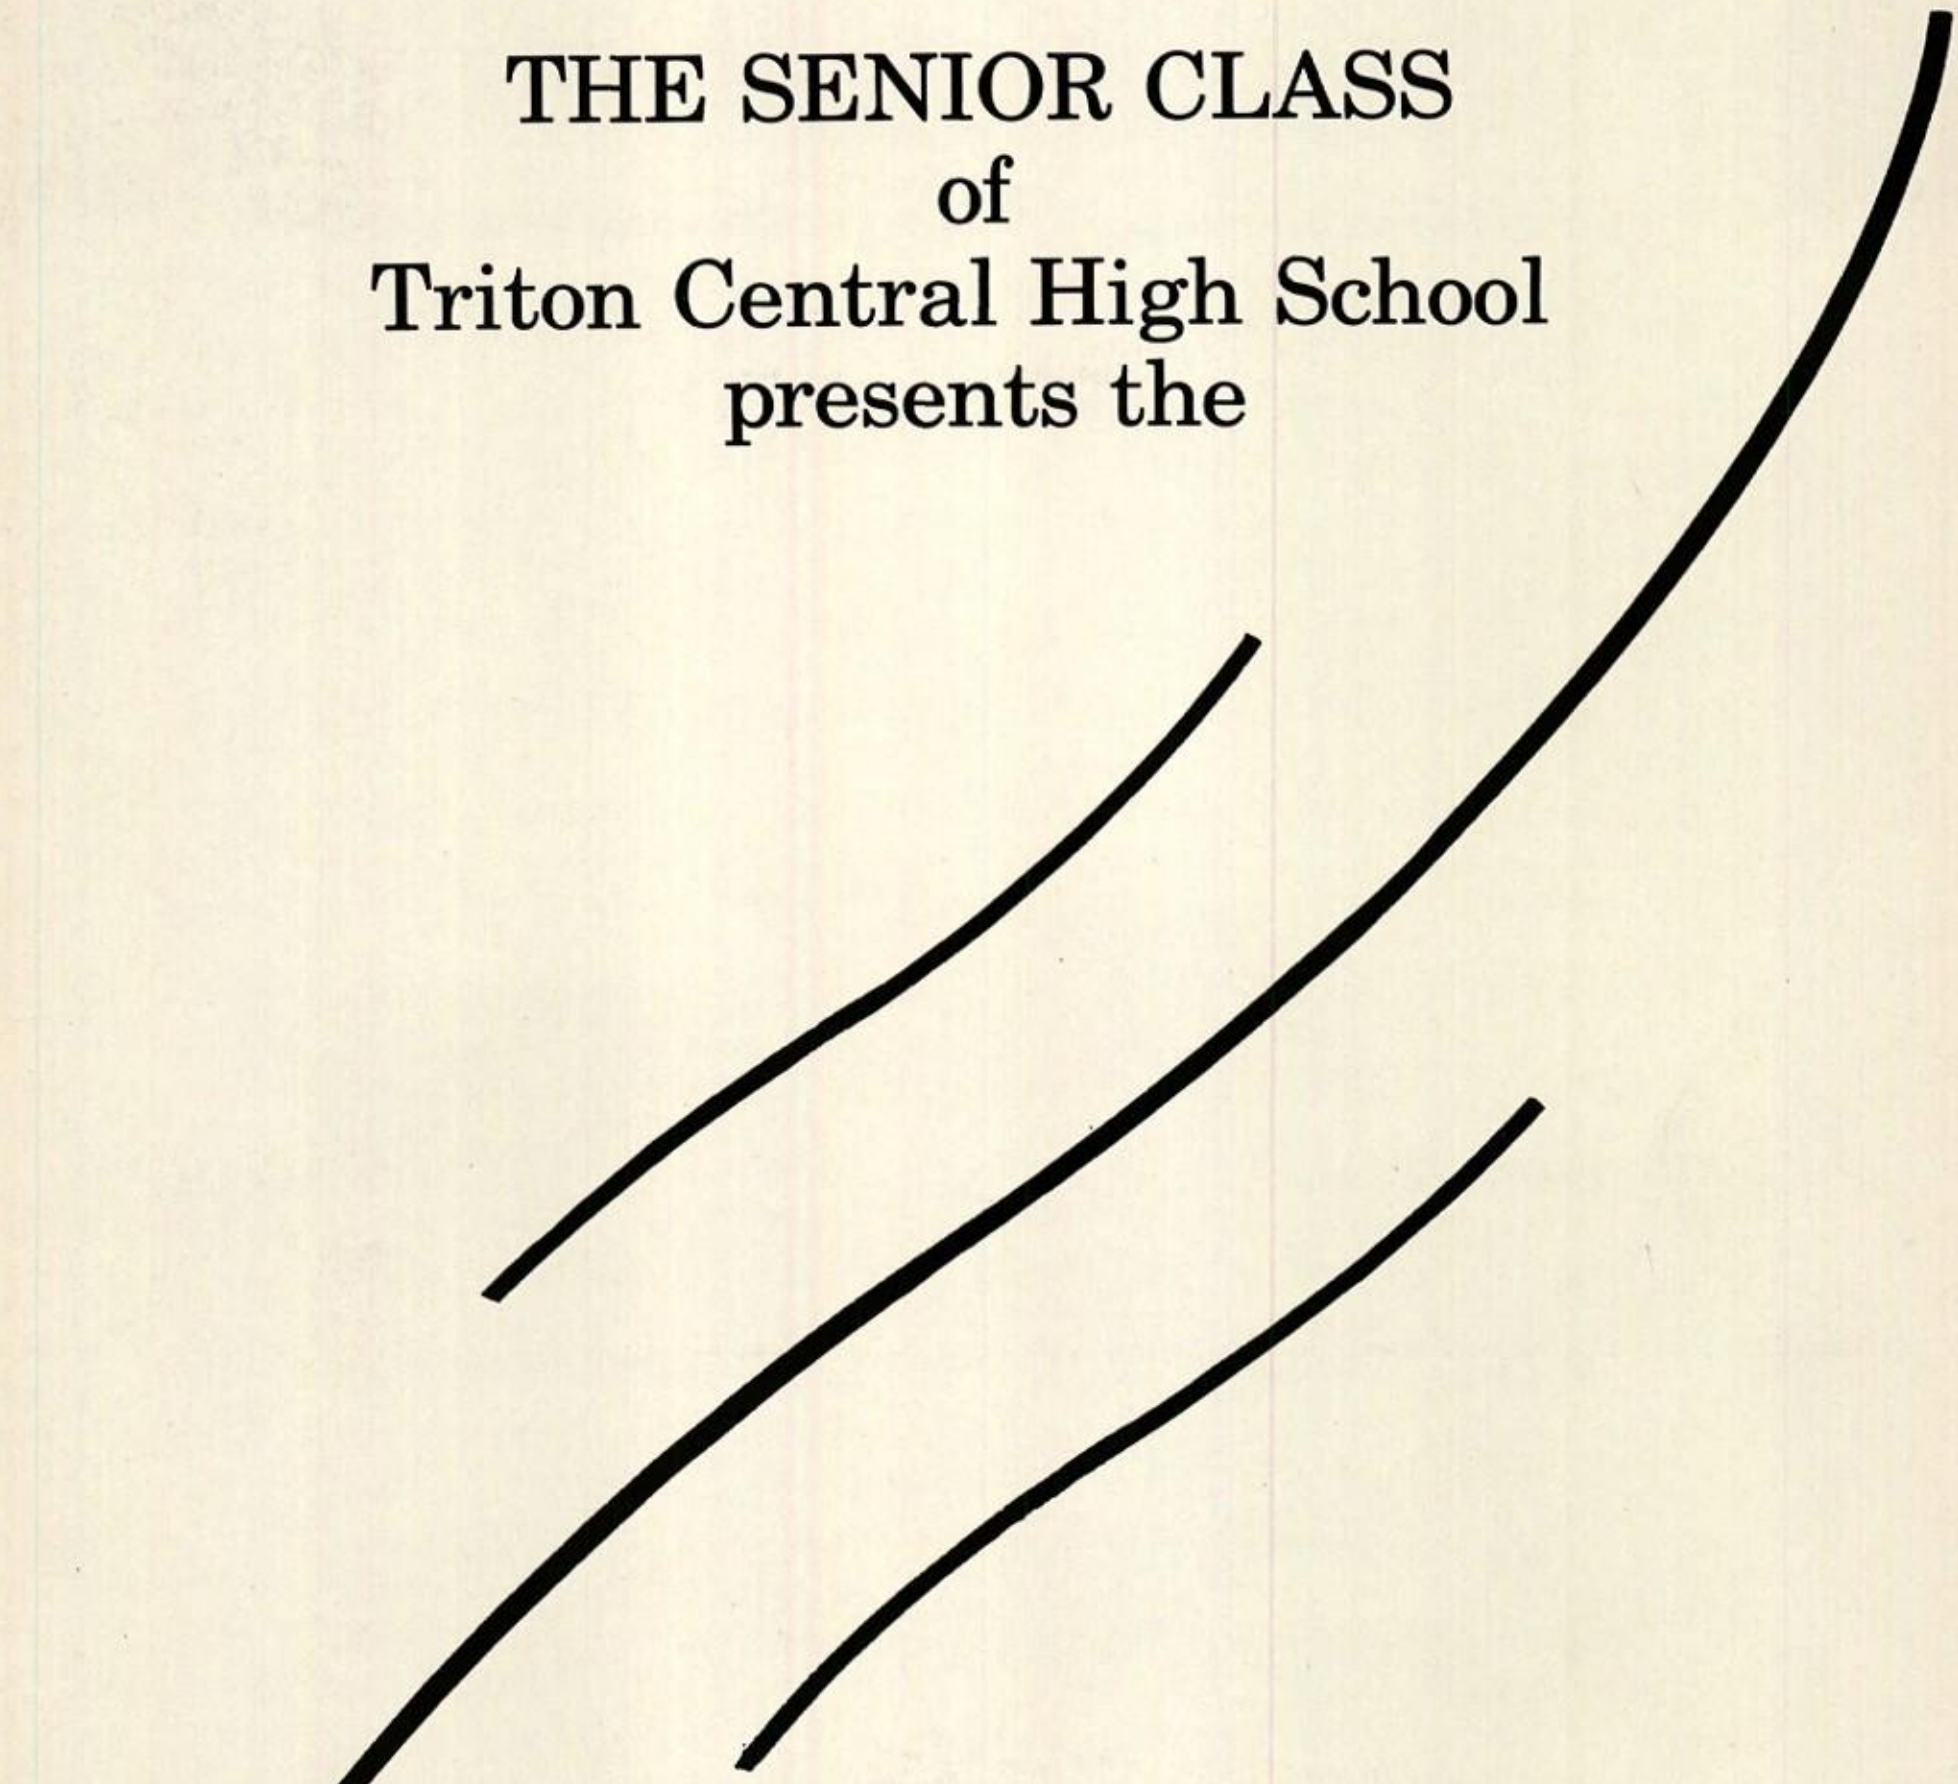
TIGERAMA

THE SENIOR CLASS
of
Triton Central High School
presents the



1965
TIGERAMA
Fairland, Indiana

FOREWORD

One goal has been won—a high school education, yet there are two, three, four—numberless "finish lines" somewhere in front of us. In the future our characteristics will undergo checks and notices, and we shall know if we have applied those virtues and principles that our parents, administrators, and teachers have taught us in applying good conditioned responses.

Our education, when used effectively as an armor, shall aid us in confronting many doubts and failures—experience and insight act as shield and sword.

As we are about to step into the Future, we shall strive to fulfill the capacities of which we are capable.

DEDICATION

We, the Seniors, dedicate this 1965 Tigerama to "Our Future Memories". After we have gained years and knowledge, a retrospect on our high school days will bring a sense of nostalgia and a small emptiness in our hearts. And perhaps we'll review the building blocks of our lives that were manufactured at Triton Central High.

Left to right: Lewis Savini, Sponsor, Rod Duncan, Editor, Betty Mason, Assistant Editor.

The annual has three basic functions:

1. It is a pictorial record of school life and student accomplishments for the year.
2. Essentially it is a memory book.
3. It is to serve as a public relations tool for the school to the community.

The cooperation of everyone in the school is required to accomplish these functions. The recognition for putting together the ideas and materials of this year's book is given to the individual staff members.

This year "Tiger Talk" had a new look. The staff decided to change from mimeographing of the paper to offset printing. This enabled the paper to contain pictures and present a neater appearance. Businesses were encouraged to help support the school paper along with student subscriptions. This plan worked out successfully and the paper was able to finance itself. News was reported by the staff members and class and activity reporters conscientiously. The objectives of the newspaper are to make the paper a written record of all school activities, to contain interesting and entertaining features, and to encourage and develop writing and school support and interest.

To bear forward the searching light of truth, to lead that others may follow in the light, to keep burning in our school a high ambition for the enduring values of life, and to serve —these purposes are symbolized in the torch, the eternal light of knowledge."

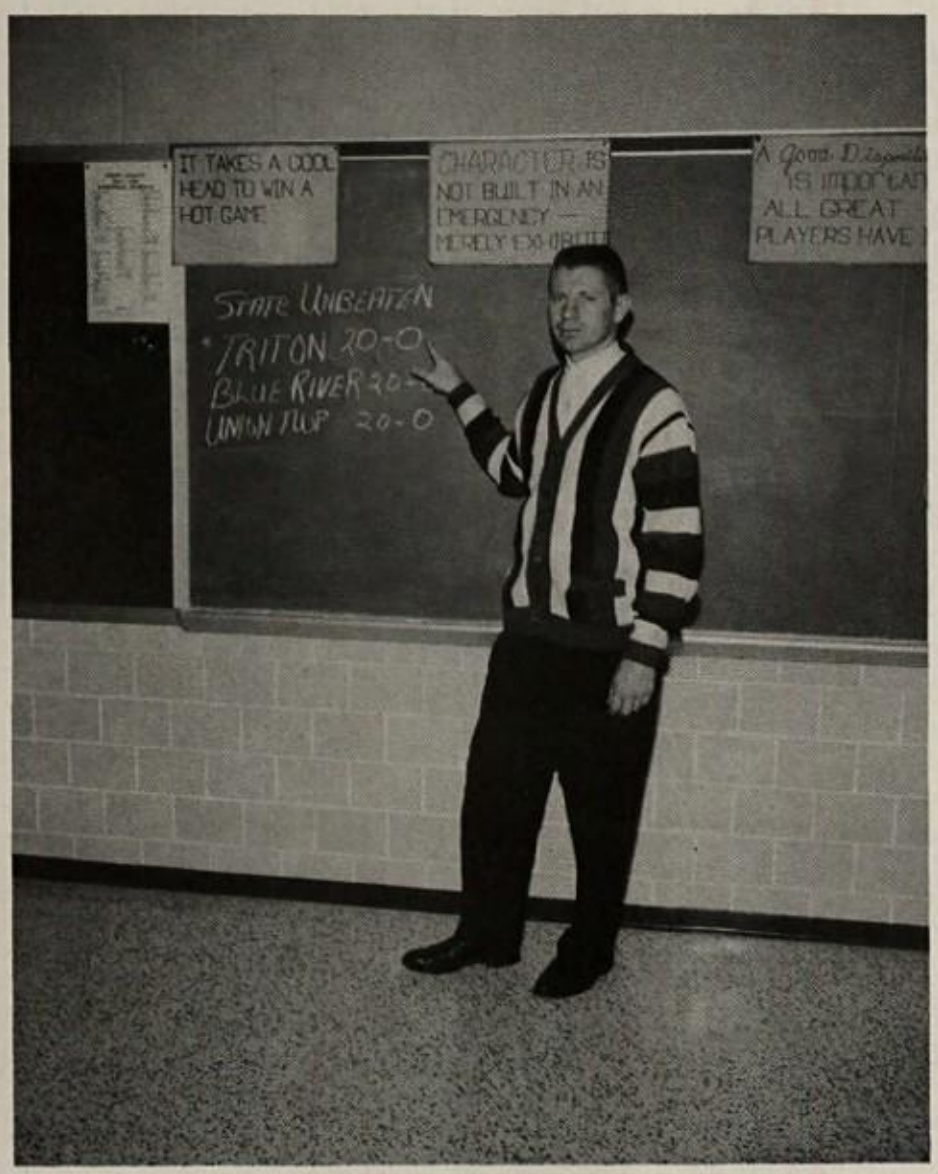
It's a fact that when five great individuals form a team in the seventh grade and play ball together through their senior years, there will be a great team.

Proof: The Triton Tiger team, who meets these specifications, was one of Hoosierdom's unbeatens in regular season play. A most remarkable record remains, 21 victories and "one tie!"



Coach Marvin Tudor

One of the biggest forces behind the team is Coach Tudor. Many have made places for him in their hearts, and he will always be to us "Our Coach—the best in the land."

They, with the help of Mr. Tudor, have done much for Triton Central.

Senior Class of '65

We, the Senior class of '65, have many precious memories to dwell upon.

The most precious of these shall remind us of the valuable rewards we will have reaped as a result of an INVALUABLE EDUCATION. Now as the fourth year of Secondary Schooling draws to a close, we can proudly establish that we have gained better standing in both scholastic and social education.

A second memory is of BELONGING in athletics, in excitement of class functions, in helping in money-making projects, with friends. This is an important life phase of acquiring maturity.

ASSUMING RESPONSIBILITY and ACCEPTING SUPERVISION and INSTRUCTION are also major concerns in this education. We surely will not regret the tasks we have had to perform in order to become competent Americans. And we're sure that we'll never forget our teachers' willingness to lend a helping hand in times of need.

Although we have awaited Graduation Day with impatience, we must now admit that our anxious anticipation is not quite so great as that of the years gone by.
